SCHEDULE OF EVENTS

TUESDAY, APRIL 5

12:00 PM – 5:00 PM	Registration Open
1:00 PM – 6:00 PM	Exhibitor Move-In
5:30 PM – 7:00 PM	Welcome Reception, <i>sponsored by CTEH and E3 Environmental</i>

WEDNESDAY, APRIL 6

8:00 AM – 4:30 PM	Registration Open	
8:00 AM – 9:00 AM	Welcome Breakfast in the Exhibit Hall, <i>sponsored by Shell Pipeline Company LP</i>	
9:00 AM – 10:30 AM	Welcome Remarks and Keynote Session	
10:30 AM – 11:00 AM	Networking Break in the Exhibit Hall, <i>sponsored by Heritage Environmental Services</i>	
	Track 1: Response	Track 2: Planning and Preparedness
11:00 AM – 12:30 PM	1A: Swift Water Response	2A: PFAS– Collection and Treatment Case Studies and Resulting Best Practices
12:30 PM – 1:30 PM	Lunch in the Exhibit Hall, <i>sponsored by SET Environmental</i>	
1:30 PM – 3:00 PM	1B: Ice Response Issues and Challenges	2B: Training Exercises Programs Post COVID
3:00 PM – 3:30 PM	Networking Break in the Exhibit Hall	
3:30 PM – 5:00 PM		2C: Contractor Management Best Practices
5:00 PM – 6:30 PM	Reception in the Exhibit Hall	

THURSDAY, APRIL 7

8:00 AM – 12:00 PM	Registration Open	
8:00 AM – 8:30 AM	Breakfast in the Exhibit Hall, <i>sponsored by ACV Enviro</i>	
	Track 1: Response	Track 2: Planning and Preparedness
8:30 AM – 10:00 AM	1D: Use of Unmanned Aerial Systems in Response	2D: Including Indigenous/Tribal Communities in Emergency Response Planning
10:00 AM – 10:30 AM	Networking Break in the Exhibit Hall	
10:30 AM – 12:00 PM	1F: Response Case Studies	2F: Emergency Response Planning for Unique Hazards
12:00 PM – 12:30 PM	Grab-n-Go Sendoff Break	
12:00 PM – 6:00 PM	Exhibitor Move-Out	

*Schedule of Events subject to change

2022 PLANNING COMMITTEE

Ronne Adkins, Regional Director of External Affairs,
Tennessee Dept. of Environment & Conservation

Troy Bernal, Senior Consultant, Antea Group

Donald Bialosky, Emergency Response Program
Manager, Pennsylvania Dept. of Environmental
Protection

Jodi Billman-Kotsko, Manager, Ohio Environmental
Protection Agency

Dwayne Caldwell, OSC/Emergency Response, Indiana
Dept. of Environmental Management

Cory Davis, CEO, CTEH, LLC

Sam Dinkins, Technical Program Manager, Ohio River
Valley Water Sanitation Commission (ORSANCO)

Bob Dundas, Environmental Coordinator, Belle Fourche
Pipeline Company

Jim Elliott, Chief Operating Officer, Teichman Group,
LLC

Bobby Elzie, Manager Emergency Response, Illinois
Environmental Protection Agency

Cody Fisher, Chief Emergency Services Division,
Mississippi Department of Environmental Quality

CWO4 Dana Fleming, All-Hazards Response Specialist,
U.S. Coast Guard, Sector Ohio Valley

Robert Francis, Manager, Shield Environmental
Associates

Rebecca Garcia-Malone, Education Chair, American
Salvage Association

Jordan Garrard, Federal On-Scene Coordinator, U.S.
EPA, Region 4

Chris Garrard, Chief of the Training and Exercise
Branch, U.S. DOT PHMSA

Tim Gunter, Director, National Spill Control School -
Texas A&M University Corpus Christi

Maria Hartley, Technical Lead, Enterprise Emergency
Management, Chevron

Frederick Holt, Jr, Environmental Response Branch,
Kentucky Department for Environmental Protection

Tony Houdyshell, Hazmat & Emergency Response
Officer, Canadian Pacific Railway

Nathaniel Hough, Director - Vessel Operations,
Campbell Transportation Company, Inc.

Kayla Hovde, Environmental Specialist, Minnesota
Pollution Control Agency

Clint Linder, Emergency Response Coordinator, Shell
Pipeline Company LP

Kelly Malinoski, Director, Emergency Management,
Trans Mountain Pipeline LP

Angie Martin, Vice President, Heritage Environmental
Services

Stephen McLane, Environmental Specialist, Missouri
Department of Natural Resources

Scott Metzger, COO, HEPACO, LLC

Adrian Michielsen, Regional EP&R Advisor, Imperial

Carla Mings, HES Professional, Marathon Petroleum
Corporation, LP

Eddie Murphy, Emergency Response Liaison, U.S. DOT
PHMSA

Kenny Rhame, CIO, The Response Group

Brandon Ritchey, Lead HSE Specialist - Emergency
Response, NuStar Energy LP

James Shuler, Emergency Response Manager, Energy
Transfer Partners

Jamie Smith, President, Three Rivers Pollution
Response Council and General Manager, Menzies
Aviation

Philip Sontag, Staff Scientist, Applied Research
Associates, Inc. | Ohmsett

Grady Springer, Office of Emergency Response,
Coordinator, Alabama Department of Environmental
Management

Shasta Steinweden, Complaint Coordinator, Montana
Department of Environmental Quality

Chad Tameling, Executive Vice President, SET
Environmental, Inc.

CPO Caesar Valdez, Port Ops Pittsburgh, U.S. Coast
Guard MSU Pittsburgh

Deborah Wick, Director of Client Services, National
Response Corporation, a US Ecology Company

Jon Wickersham, Emergency Response Program
Specialist, Colonial Pipeline Company

CLEAN WATERWAYS 2022

This year's CLEAN WATERWAYS is taking place live and in-person at the David L. Lawrence Convention Center in Pittsburgh, PA, April 5-7. CLEAN WATERWAYS brings together all entities involved in a response in the inland environment and gives attendees the opportunity to network and discuss best practices moving forward. Attendees will walk away with new connections and ideas that can be applied directly to their work and the environment their company operates in.

The conference sessions we have planned are led by experts in both industry and government and focus on topics specific to fresh water spills and environmental considerations. In addition to the conference sessions, the live event will host 50+ exhibitors, two networking receptions and multiple networking breaks.

WHY ATTEND

As an environmental and response professional working in the inland environment, it is important to stay up-to-date on best practices and lessons-learned for spill prevention and response and maintain relationships with all parties involved in a response. At the CLEAN WATERWAYS Conference, you'll have the opportunity to connect with professionals from maritime, facilities, rail, pipeline and governmental units during dedicated networking activities, conference sessions, and on the exhibit floor, where you can check out the latest technologies advancing the industry.

- Conference sessions offer practical information on topics specific to fresh water spills & environmental considerations, and they give attendees direct applicability to their work & environment their company serves
- Opportunity to network with the broad spectrum of individuals, companies, associations and governmental units involved in spill prevention and emergency response in the inland environment
- An intimate event setting allows for attendees and exhibitors to easily connect and conduct business
- Vendors are on-hand in the exhibit hall ready to help you find solutions to your environmental and emergency response needs

WHO ATTENDS

- Academia/Associations
- Chemical/Petrochemical Companies
- Environmental Consultants
- Horizontal Drilling
- Legal
- Local Emergency Planning Committees
- Manufacturing Facilities
- Marine Fire & Salvage Responders
- Non-Governmental Organizations
- Oil & Gas Operators
- Oil Spill Planning & Prevention Consultants
- OSRO's
- Pipeline Operators
- Port Authorities
- Railroad Companies
- Shipping & Barge Companies
- Spill Co-ops
- State & Federal Regulatory Agencies
- Terminal & Storage Operators
- Trucking
- Tugging/Towing
- Waste Generators
- Wastewater Treatment Plants
- Wildlife Rehabilitation Agencies

CLEAN WATERWAYS 2022 EXHIBITORS

- ACV Enviro
- AMPOL / OIL STOP
- Antea Group
- Balaena H2O, LLC
- Blue Tank & Pump Rental
- Clean Harbors
- Cotton Logistics
- CTEH, LLC.
- E3 Environmental
- Environmental Restoration LLC
- EnviroScience, Inc.
- EnviroServe, a Savage Company
- E-Tank, Ltd. Equipment Rentals
- HalenHardy, LLC
- Haz-Mat Response, Inc.
- HEPACO, LLC
- Heritage Environmental Services

- International Spill Control Organization
- Marine Spill Response Corporation
- Marion Environmental, Inc.
- National Response Corporation, a US Ecology Company
- OHMSETT
- OMI
- Pinnacle Engineering
- Polaris Sensor Technologies, Inc.
- Specialized Professional Services, Inc.
- T&T Salvage
- Texas Boom Company
- The Response Group
- Tri-State Bird Rescue & Research, Inc.
- UltraTech International
- WCEC

*as of 2/23/22

EXHIBIT SPACE IS STILL AVAILABLE!

**Contact Renie Mayfield
at 720-289-7008 or
rmayfield@accessintel.com
to secure your booth at
CLEAN WATERWAYS 2022.**

Exhibit space is \$2,500 and is available in increments of 8'X10.' Networking breaks are built into the schedule of events, giving your exhibit staff dedicated time to connect with attendees at your booth.

YOUR EXHIBIT SPACE INCLUDES:

- Carpet, pipe & drape, table, two chairs
- One complimentary conference pass
- Heavily discounted rates for additional conference passes
- Discounted hotel rooms
- Breakfast and lunch
- Discounted passes to invite customers to CLEAN WATERWAYS

2022 CONFERENCE PROGRAM

TUESDAY, APRIL 5

Welcome Reception

TUESDAY, APRIL 5 • 5:30 PM - 7:00 PM

Join your fellow attendees to kick-start the CLEAN WATERWAYS Conference. Enjoy a sample of local foods and beer during the reception.

Welcome Remarks

WEDNESDAY, APRIL 6 • 9:00 AM - 9:15 AM

Keynote Session: State of the Inland Waterways Industry

WEDNESDAY, APRIL 6 • 9:15 AM - 10:30 AM

The waters of the Allegheny, Monongahela, and the Ohio remain an essential economic lifeblood for Pittsburgh and region. They also happen to have one of the oldest systems of locks and dams in the country. With the recent award of a massive infrastructure investment of over \$850 million for the Upper Ohio Navigation Project of the U.S. Army Corps of Engineers things are going to get busy.

However, by no means does that mean that the industry has not been continually focused on improvements in multiple areas, notably safety and environmental programs, and operating efficiencies. In this session Mr. Stephaich will highlight a number of topics to include updates on the market, infrastructure, regulations, intellectual research, carbon reduction initiatives.

The updates will conclude with time for questions and answers.

Peter Stephaich, Chairman & CEO, Campbell Transportation Company, Inc.

Networking Break in the Exhibit Hall**WEDNESDAY, APRIL 6 • 10:30 AM - 11:00 AM**

Join your peers in the exhibit hall to fuel up on snacks and coffee while you visit with exhibitors!

SPONSORED BY**1A: Swift Water Response****WEDNESDAY, APRIL 6 • 11:00 AM - 12:30 PM**

Swift water response remains a session that is unique amongst all of the CLEAN events to the inland waterways. This session will focus on various aspects of response in environmentally challenging conditions.

CHAIR: Deborah Wick, Director of Client Services, National Response Corporation, a US Ecology Company

Responding to the Apple Valley Gasoline Spill in Lyons, Colorado

Joyel Dhieux, Federal On-Scene Coordinator, U.S. EPA, Region 8

Fastwater Operations: Tactics and Tools for Rapid Response on River Systems

Cody Harris, President, Whitewater Rescue Institute, Inc

Training for Swift Water Response

Servil Hoff, Emergency Response Coordinator, Marathon Petroleum Company

2A: PFAS- Collection and Treatment Case Studies and Resulting Best Practices**WEDNESDAY, APRIL 6 • 11:00 AM - 12:30 PM**

The purpose of this session is to discuss the ever-changing landscape of the emerging contaminant of PFAS. Topics will include challenges of transitioning to non-PFAS based firefighting agents, regulatory landscapes, and emerging remediation.

CHAIR: Chad Tameling, Executive Vice President, SET Environmental, Inc.

CO-CHAIR: Grady Springer, Office of Emergency Response, Coordinator, Alabama Department of Environmental Management

Challenges Regarding Aqueous Film Forming Foam (AFFF) and the Transition to a Non-PFAS Based Firefighting Agent

Stephen Pepper, Director, Crisis Management, Phillips 66

Emerging Technologies and Best Practices for Incident Response Involving PFAS-Impacted Waters

Seth Gibbons, Field Solutions Engineer, SET Environmental, Inc.

How EPA Region 3 is Developing PFAS Standards and their Proposed Application

EPA, Region 3, invited

Lunch in the Exhibit Hall**WEDNESDAY, APRIL 6 • 12:30 PM - 1:30 PM**

Enjoy lunch in the exhibit hall and spend time connecting with new people or catching up with old friends.

SPONSORED BY**1B: Ice Response Issues and Challenges****WEDNESDAY, APRIL 6 • 1:30 PM - 3:00 PM**

Responding to spills in ice conditions requires a careful approach, expertise, and an interdisciplinary team. This session will cover technologies and equipment used at mesoscale testing facilities and by real-time responders in ice-covered waters. Mechanical, physical, and biogeochemical challenges to simulated and real-time spill response in polar and sub-polar regions will be covered by professionals trained to respond both above and below the surface. Specific impacts of ice on spill recovery and remediation in a range of fresh and saltwater environments will be examined.

CHAIR: Philip Sontag Ph.D., Staff Scientist, Applied Research Associates, Inc. | Ohmsett

CO-CHAIR: Jim Elliott, Chief Operating Officer, Teichman Group, LLC

Oil Spill Testing in Ice-Infested Waters and Implications for Inland Waterway Response

Grant Coolbaugh, Sr. Mechanical Engineer and Leonard Zabilansky PE, Principal Engineer, Applied Research Associates, Inc. | Ohmsett

Adapting Warm Weather Response Equipment and Tactics to Sub-Zero Temperatures

Mark Ploen, Vice President of Environmental, QualiTech Environmental, Inc.

Conducting Ice Operations - An Operational Perspective

Mike Popa, General Manager, Great Lakes Response Center, T&T Salvage, LLC

2B: Training Exercises Programs Post COVID**WEDNESDAY, APRIL 6 • 1:30 PM - 3:00 PM**

The global pandemic has caused, for better or worse, extensive changes in the way that emergency preparedness activities are conducted. Industry and governmental regulators alike have been pushed to adapt to virtual and/or hybrid operational environments while also ensuring the safety of their first responders both remotely and in the field. This session will provide an opportunity for emergency preparedness trainers and specialists to share new developments and strategies in their program offerings that will ultimately contribute to a safer response community. The presentations will be followed by an interactive game that incorporates elements of all three presentations.

CHAIR: Chris Garrard, Chief, Training and Exercise Branch, U.S. DOT PHMSA

Preparedness and Innovations at CHEMTREC® and TRANSCAER

Erica Bernstein, Director of Outreach, CHEMTREC®

Preparedness and Innovations at the U.S. Coast Guard

LCDR Clifton Graham, Program Manager, U.S. Coast Guard, Office of Marine Environmental Response Policy (CG-MER)

Preparedness and Innovations at the U.S. DOT PHMSA

Chris Garrard, Chief, Training and Exercise Branch, U.S. DOT PHMSA

Networking Break in the Exhibit Hall

WEDNESDAY, APRIL 6 • 3:00 PM - 3:30 PM

Join your peers in the exhibit hall to fuel up on snacks and a refreshment while you visit with exhibitors.

2C: Contractor Management Best Practices

WEDNESDAY, APRIL 6 • 3:30 PM - 5:00 PM

In this session we will discuss best practices and lessons learned in leveraging contracted resources for spill response. Discussions will focus on strategies, frameworks, and tools to help ensure a safe and reliable augmentation of spill response capabilities through a contractor network. Participants will hear from presenters which include views from operators, practitioners and industry experts.

CHAIR: Keely Fitzpatrick, Customer Relations, Marine Spill Response Corporation (MSRC)

CO-CHAIR: Kenny Rhame, CIO, The Response Group

Contractor: Safety Management

Paul Hart M.S., CSP, CIH, Senior Consultant and Director, Health & Safety Services, CTEH, LLC

Best Practices in Managing Contractors from an Operators Perspective

Jon Wickersham, Emergency Response Program Specialist, Colonial Pipeline Company

Contractor Qualification Program Best Practices

Steve Rodes, Regional Response Manager, Marine Spill Response Corporation (MSRC)

Reception in the Exhibit Hall

WEDNESDAY, APRIL 6 • 5:00 PM - 6:30 PM

Grab a drink and mingle with attendees and exhibitors during the networking reception in the exhibit hall.

THURSDAY, APRIL 7**Breakfast in the Exhibit Hall****THURSDAY, APRIL 7 • 8:00 AM - 8:30 AM**

Grab some breakfast and visit with any exhibitors you didn't get to see on Wednesday before sessions kick-off.

SPONSORED BY

**1D: Use of Unmanned Aerial Systems in Response****THURSDAY, APRIL 7 • 8:30 AM - 10:00 AM**

Unmanned Aerial Vehicles (UAVs) have come a long way from being a use for the military, or a kid's toy. UAVs have become a use in everyday life, some examples of their use can be seen in the emergency response community where they are used for assessing emergency situations involving hazardous materials spills, industry fires, searching for missing persons, and impacts on a community after flash flooding, tornados, and earthquakes. This session will include presentations on how UAVs are being used today by both industry and government partners.

CHAIR: Robert Francis, Manager, Shield Environmental Associates

CO-CHAIR: Frederick Holt, Jr, Environmental Response Branch, Kentucky Department for Environmental Protection

An Operator's Integration and Use of Drone Support for Oil Spill Response in the Inland Environment

Allyson Purcell, Sr. Emergency Response Consultant, Phillips 66

Multi-Platform Remote Sensing - Integration of Satellite, Aircraft, Drone, and Aerostat Sensors to get the "Big Picture"

Kevin Hoskins, VP, Telecom and Information Systems, Marine Spill Response Corporation (MSRC)

Kentucky Drone Program - A State's Perspective

Sarah Hettel, On-Scene Coordinator, Kentucky Department of Environmental Protection

2D: Including Indigenous/Tribal Communities in Emergency Response Planning

THURSDAY, APRIL 7 • 8:30 AM - 10:00 AM

With a significant number of Indigenous/Tribal Communities owning land or having traditional territory located on or adjacent to energy infrastructure, there has been a marked increase in Indigenous/Tribal interest in emergency response planning. Such communities can find themselves on the front lines of oil spill emergencies. Indigenous and non-Indigenous speakers will highlight initiatives and partnerships in the Canadian and U.S. energy industry aimed at furthering response planning in collaboration with Indigenous Communities. Examples include enhancements to emergency management programs, combined field response exercises, ICS training, and geographic response planning.

CHAIR: Kelly Malinoski, Director, Emergency Management, Trans Mountain Pipeline LP

CO-CHAIR: Kent Lien, Technical Leader, Emergency Management, Canada Energy Regulator

U.S. Regulatory and Policy Perspective

Mary Goolie, Alaska RRT Coordinator/Area Planner, U.S. EPA Region 10

U.S. Tribal Perspective and Experience

Travis Hallam, Director, Three Affiliated Tribes Pipeline Authority

Canadian Indigenous Perspective and Experience

Raymond Cardinal, Committee Member, TMX Indigenous Advisory and Monitoring Committee (IAMC)

Operational Perspective

Tina Donald, CHAIR -TMX Indigenous Advisory and Monitoring Committee Emergency Management Sub-Committee, Simpcw First Nation

Networking Break in the Exhibit Hall

THURSDAY, APRIL 7 • 10:00 AM - 10:30 AM

Join your peers in the exhibit hall to fuel up on snacks and coffee and go see any exhibitors you didn't get to visit with. It's your last chance before the event wraps up!

1F: Response Case Studies

THURSDAY, APRIL 7 • 10:30 AM - 12:00 PM

The Response Case Studies session will use real life emergency response and remediation events to demonstrate lessons learned in the field while responding to emergencies. Attendees to this session will hear from responders directly involved in the responses and those responders will offer their experience to the audience.

CHAIR: Cory Davis, Sr VP, Operations & Principal Consultant, CTEH, LLC

CO-CHAIR: Shasta Steinweden, Complaint Coordinator, Montana Department of Environmental Quality

Hurricane Ida Salvage Response Operations and Case Studies

Jim Elliott, Chief Operating Officer, Teichman Group, LLC

Virginia Tire Fire Case Study

Drew McCarty, President, Specialized Professional Services, Inc.

2F: Emergency Response Planning for Unique Hazards

THURSDAY, APRIL 7 • 10:30 AM - 12:00 PM

This session will highlight hazard-specific special and unique response procedures, notifications, protective actions, emergency public information, and other best practices for unique hazards. A sampling of unique emergency response hazard case studies have been selected for presentation.

CHAIR: Tim Gunter (CDR, USCG, Ret.), Director, National Spill Control School, National Spill Control School - Texas A&M University Corpus Christi

CO-CHAIR: Kelly Malinoski, Director, Emergency Management, Trans Mountain Pipeline LP

Response Challenges with Stakeholder Concerns: Best Practices Learned from Working with Indiana's Amish Community

Dwayne Caldwell, OSC/Emergency Response, Indiana Dept. of Environmental Management, Invited

Environmental Sampling and Livestock Health: Implications for Animal Health and Downstream Litigation

Scott Malm Ph.D., Project Toxicologist and Kelly Scribner Tuttle, Senior Toxicologist, CTEH, LLC;
Helen Dubach, Senior Environmental Consultant and Director, CTEH RM

CO₂ Pipeline Releases in Mississippi

Jordan Garrard, Federal On-Scene Coordinator, U.S. EPA, Region 4, Invited

Grab-n-Go Sendoff Break

THURSDAY, APRIL 7 • 12:00 PM - 12:30 PM

Grab-n-go lunch will be available as you head out as a thank you for attending!
